LOGIC
SUPPLY

COMPANY OVERVIEW

LOGIC SUPPLY

Over A Decade Ago, Logic Supply Launched A New Approach To Industrial Computing.

We've Grown At **Over 30% A Year.**

LOGIC SUPPLY

A Fortune 500 Cabinet Maker Had Dust.
Logic Supply Had A **Fanless Solution**.

LOGIC SUPPLY

A Major Energy Company Needed
Wide Temp, Specific I/O and Remote Installation.
Logic Supply **Had It Covered**.

An Industry-Leading Cold Chain Management Provider Wanted a **Custom Temperature Monitoring Appliance**. Logic Supply **Delivered**.

WHO WE ARE

A global, values-driven IPC company serving customers with rugged, highly-customizable PCs.

LOGIC SUPPLY

MISSION & VALUES DRIVEN

POWERING INNOVATION

**OPEN
FAIR
INNOVATIVE
INDEPENDENT**

Over The Past Decade,
We've Grown Into A Truly
Global Company,
Employing Over 70 People.

We Are **Creating Opportunities** With Thousands of Customers Around The Globe, Helping Them Make Their Mark On The 'Internet Of Things'.

WHAT WE DO

We offer a robust hardware lineup and sell standard, semi-custom and fully-engineered solutions.

We work online and offer larger customers an end-to-end OEM service program.

LOGIC SUPPLY

LOGIC SUPPLY

We Offer A **Comprehensive Product Line** Designed To Meet The Needs Of Different Embedded Markets.

LOGIC SUPPLY

Logic Supply Develops **Highly-Reliable Computers** Engineered For Harsh Environments.
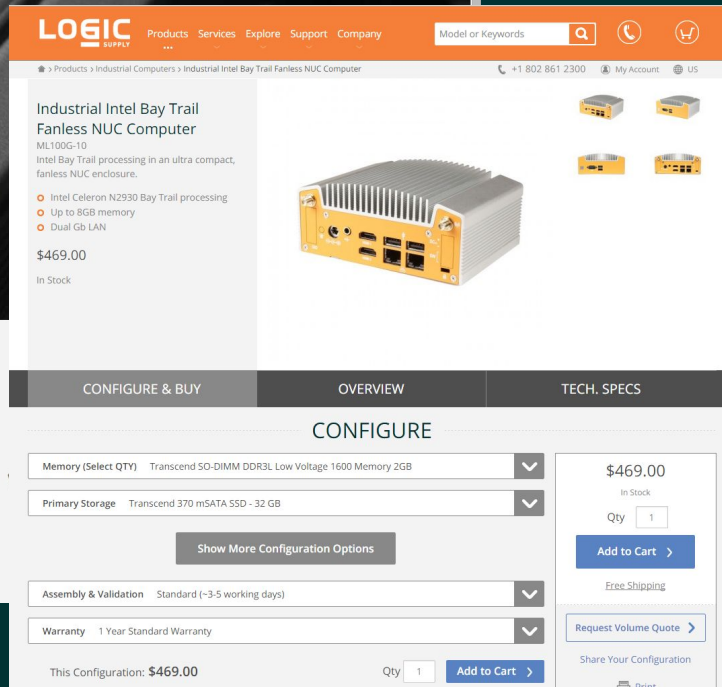

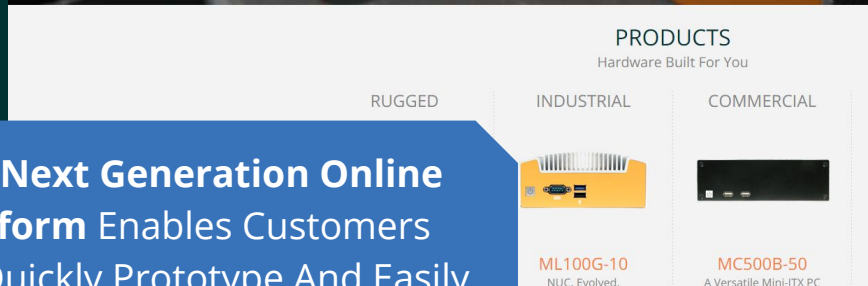

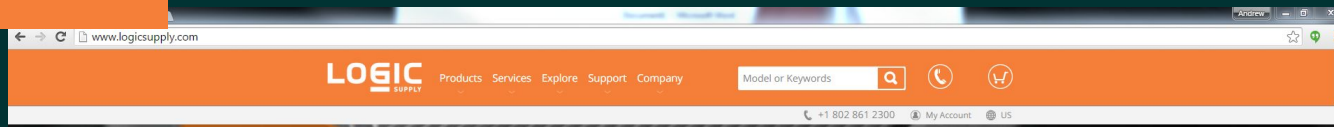

LOGIC SUPPLY

Proprietary heatsink designs pull heat **away** from the motherboard

Fanless & ventless chassis dissipate that heat, providing excellent system **cooling without any moving parts**

Processor and other sensitive system components generate **heat**

Our Engineers Utilize **Proprietary Thermal Design** To Improve System Reliability.

Our **Next Generation Online Platform** Enables Customers To Quickly Prototype And Easily Reorder.

And We Provide Volume Customers An End-To-End Hardware Program Led By Experienced Sales Engineers.
